**Dehradun, Uttarakhand** Graphic Era University, with support from CII Uttarakhand, organized a cyclothon to create awareness about environment and its benefits for society.

“Taking part in the yearly awareness campaigns has always been an amazing experience for me. That’s actually how my gramiksha journey began in August 2019 - by taking part in Educational Awareness Campaign. I was delighted when we were informed that Gramiksha Jaipur will be conducting Climate Change and Cleanliness Awareness Campaign in January. Seeing even small vendors, drivers voluntarily donate some amount and blessing you, really motivates you to work even harder. No matter how tired and exhausted you are, when you give that muffin to a poor kid who hasn’t had a full meal any time soon, the smile one gets really gives a boost of energy. You do get rude people once in a while, but their negativity is nothing compared to the positivity and self-satisfaction one gets. I always come back from the bake sale dog-tired but with a feeling of accomplishment.”

– Ridhima Agarwal, Volunteer, Gramiksha, Jaipur

**Bawana** SOS Children’s Village, Bawana organized drawing competition on the theme ‘The importance of cleanliness in the community’.
