

INDEPENDENCE DAY

Azadi Ka Amrit Mahotsav and Har Ghar Tiranga celebrated during Independence Day across CII Offices

Embracing Amrit Kaal, the era of transformation

CII National Council warmly felicitates Shri S. Somanath, Chairman, ISRO (Indian Space Research Organization) and entire team of ISRO for the successful landing of Chandrayaan 3

Dr Sanjiv Goenka,
Chairman, India@75
Foundation and
Chairman, RP-Sanjiv
Goenka Group

“Now, as we have witnessed the triumphant landing of Chandrayaan 3 on the lunar surface, we stand at the cusp of India@100's visionary aspirations. This remarkable achievement not only marks a giant leap for our space exploration endeavors but also symbolizes the indomitable spirit of our nation. Just as the moon's glow illuminates the darkest nights, Chandrayaan 3's success radiates hope, innovation, and the power of determination. As we continue our journey toward India@100, let this historic moment remind us that our

potential knows no bounds when we unite as one, guided by science, driven by ambition, and inspired by innovation. Heartfelt gratitude to ISRO, whose unwavering dedication and brilliance have made this remarkable feat possible. What a moment for the entire country! So proud to be Indian and of all that this country has achieved.”

Rajan Navani,
Chair, CII Council on
India@75 & Vice
Chairman &
Managing Director,
Jetline Group of
Industries

“As Chandrayaan 3 gracefully touches the lunar surface, it marks not only a historic achievement but a testament to India's unwavering commitment to technological advancement. This momentous success resonates deeply with the spirit of India@100, inspiring us to reach beyond the horizon and grasp the impossible. Let us celebrate this remarkable feat as a reminder that our potential is limitless when guided by innovation, steered by perseverance, and fuelled by the dedication of organizations like ISRO.”

[Sasakawa Leprosy India Foundation](#) runs several livelihood projects to bring dignity and autonomy to people with leprosy. The Foundation is looking for volunteers to conduct a survey that will help them understand and assess the status of a few such projects in the leprosy colonies in Janjgir, in the Champa district of Chhattisgarh.

The project will include field visits, interaction with beneficiaries, group discussion and preparing the final report with recommendations. The whole activity needs to be completed in three months.

If you would like to volunteer your time and skills for this project please visit: <https://www.nvgindia.org/project/create-human-stories-of-persons-affected-by-leprosy-250cc458-8360-444b-bcb4-boe304f261df/>

You may register as a volunteer to find several other interesting projects [here](#).

OUTREACH

Technology@100, your dream for India? Tell us.

We are holding a survey to understand how Indians see Technology shaping the country by 2047. Do fill up the short [questionnaire](#). Your responses will contribute to the broader dialogue on what should be the contours of India's future.
